

Digital Excursions MoAD Learning

Join us from **YOUR** classroom...

Learn how **YOUR** students can
be active citizens

Inspire them to consider **HOW**
they can make a difference

Our programs:

Our digital programs align with the Australian Curriculum, Civics and Citizenship, HASS and History strands.

- visit special places in the building
- bring historical events and people to life
- analyse primary and secondary sources
- complete group activities and quizzes
- explore student's rights and responsibilities in our democracy

What technology is needed?

All you need is a free application downloaded on ONE device which has camera and microphone capability (such as an iPad, or a laptop with a webcam and external microphone). This is then connected to an interactive whiteboard or screen display set up in your classroom.
