

and push the ends in to create a cross shape

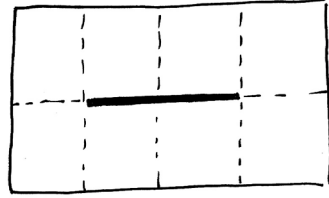

then fold your paper in half like this:

fold the zine so your front and back covers are in position

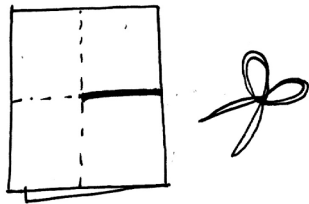

HOW TO MAKE AN 8 PAGE ZINE

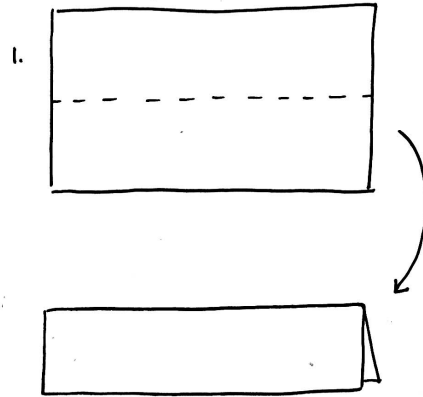

cut a slit along the middle of the paper

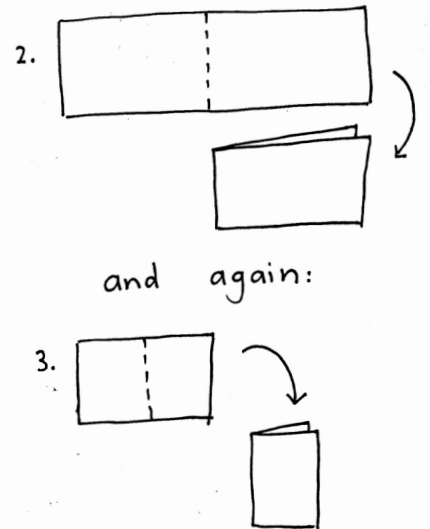

it's easy if you fold your paper in half:

take some paper and fold it in half:

fold it in half again:

unfold your paper. each section created by the folds will be a page in your zine. the numbers in this diagram show the order and orientation of the pages.
